

A member of The Ribblesdale Federation of Schools – *Do everything in love (1 Corinthians 16:14)*

Welcome to our **May Newsletter**. We have lots to look forward to this month. We also have a bank holiday in honour of the King's Coronation. The Coronation will take place at Westminster Abbey on Saturday the 6th of May. The service will be conducted by the Archbishop of Canterbury. As previously announced, the service will reflect the Monarch's role today as we look forward to the future, whilst still being rooted in longstanding traditions. In honour of this event, we will be holding a special **Coronation Lunch on Friday the 5th of May at Long Preston Primary School for pupils (only)**. Pupils are welcome to attend wearing red, white and blue party clothes (no football kits please) / Royal clothing (favourite prince or princess). If your child normally has a packed lunch, but would like to have a BBQ party buffet lunch - they are more than welcome (please let us know by contacting our school office). Everyone will be included and we are very much looking forward to this special event. During the day we have lots of fun activities planned (weather permitting!). There will be **no Assembly on Friday the 5th of May**, due to our Coronation Party and **no Assembly on Friday 12th of May**, due to SATs. Thank you to all those involved in the planning and preparation of this event. Pupils will receive a special commemorative mug in honour of the Coronation kindly provided by The Hartley Educational Foundation.

On Sunday 7th May pupils from all years will be taking part in the May Day Celebrations on the Maypole Green. Please could we ask that all children arrive dressed and ready for dancing at school from 12.15pm but no later than 12.30pm. Please ensure that your child has suitable footwear for dancing and they will need to bring a change of clothes to school for after they have finished dancing. The Procession starts at 12.45 pm down to Maypole Green and after dancing, the children will be accompanied by staff back to school, where they can get changed. Children will need to be collected from school by a parent/adult with permission. Thank you.

SATs Week: This month, our pupils will take part in SATs. Please make sure pupils have early nights during the week of SATs. We will be offering a healthy breakfast to our Year 6 pupils during the week of SATs. Our advice is that if your child has any questions, talk about SATs and tell them not to worry. We have also been doing this. It will make a bigger impact if we reassure our pupils together. Children perform best when they are relaxed. We believe in all of our pupils and know they will do their very best during this period! If this is your first time as a 'SATs parent' this link may be helpful. <https://www.bbc.co.uk/bitesize/articles/zrybv7>

Absences: This is a gentle reminder that all absences must be reported to school as early as possible please. If we don't know why your child is absent from school, we may need to do a home visit (if we can not get hold of you). Please also make sure that if you have changed your address or telephone number to keep us updated. Thank you for your co-operation with reference to safeguarding.

Dates for Diaries 2023 (Please note, diary dates may change and dates will also be added throughout the academic year)

Monday 1st May	Bank Holiday
Tuesday 2nd May	Pupils return to school

Friends of Long Preston School:

Please come visit our **Cake Stall** on Sunday 7th May at the May Day Celebrations.

A big thank you to those parents who have volunteered to help run the stall and to those who have baked/donated cakes.

Our Coronation Card Competition: A big thank you to those who submitted designs for our Coronation Card Competition. Well done to all those who took part as it was such a hard job selecting our winners! Here are our winning entries and runners up (which have been sent special delivery to Buckingham Palace!).

Lanyards: Our pupils are aware that our staffing team across The Ribblesdale Federation wear lanyards, this helps us to know who is who for the likes of staff, governors and contractors. Our parents also wear a visor sticker when they arrive for our weekly assemblies and other school invitations. We would like to thank everyone for following these safeguarding protocols. We would also like to show our support for another type of lanyard. This is the Hidden Disability Sunflower Lanyard Scheme. This is a green lanyard with a sunflower pattern. You may have already seen members of the public wearing this type of lanyard. The Sunflower Lanyard is to support people with a hidden disability, making the invisible, visible and helping them attain the understanding, patience and assistance needed when going about their daily lives. With an estimated 70 – 80% of all disabilities invisible, it's time to change the narrative to understand, accept, and celebrate neurodiversity. Many people with a hidden disability, including neurodivergence, carry a sunflower lanyard as a way of communicating that they have a disability. This discreetly indicates to people that the wearer may need additional support, help or a little more time. We also celebrate peoples difference during **Odd Socks Day** during the month of November at our school to highlight anti-bullying week in connection with always being kind to others.

The hidden disabilities sunflower lanyard may mean one of the following, here are some examples.

- Sensory loss, including difficulty seeing or hearing,
- A physical disability that may not be obvious
- Autism
- A learning disability
- Attention deficit hyperactive disorder (ADHD)
- Dyslexia

DYSGRAPHIA:

A learning difficulty specific to writing.

diversity is beautiful

diversity in the animal world
there are millions of different kinds of animals - more than we can count!

diversity of people
people come in a great variety of shapes, sizes, genders, abilities, and appearances - we are all unique!

diversity of human brains
no two brains are alike, but we have names for different types - like ADHD, autistic, dyslexic, typical, & more!

1 in 20 children have a disability.

That gives 19 kids a daily opportunity to learn about diversity, collaboration, inclusion, and friendship
