- Green: this means that you can pay off this amount in smaller chunks up until the due date when you will need to have paid it off in full. Simply click into the green box and over type the amount to whatever you wish.
- Orange: this means you can pay as much towards this payment as you would like and this is all you will pay.

You may also find that when you select the tick box, a pop up will appear asking for your consent. You will have to give your consent to pay for this item/instalment.

Once you have selected 'make payment,' the system will take you a screen where you can input your card details. You will have to do this every time that you want to make a payment due to security on the system. **We do not store debit/credit card details.**

6. FAQ

Do I have to pay online?

Your school office may still allow you to make payments in school with cash, cheque, cards and vouchers. Please check with your school.

Do I have to pay for the whole expense in one go?

No, the school office may set up instalments for a payment. This will depend on the school and the type of payment.

What happens if I change my mobile number or email address?

Please ensure any changes to your contact details are passed onto the school as soon as possible. If there are any delays, you may not receive new payment messages, and you could have problems logging in to SchoolMoney.

Does SchoolMoney store my card details when I make a payment?

No, each time you start the payment process you will need to enter your card details. No confidential information is stored, making the process highly secure.

What happens if I have more than one child at the school?

For each child, you will receive a text message and/or email stating you have a new payment to make. However, if you sign in for one child's account the rest of their siblings payments can be viewed and paid for, making it easy and straightforward to pay for your children's expenses.

What happens if I forget my password?

The password and payment details will be in each payment message that the school sends out, so don't worry if you forget the password or delete the message the school has sent you. The school can also re-send your password details; just speak to someone in the school office.

Can I change my password?

You cannot change your password. The system automatically generates your password and it will stay the same for the whole time you use school money.

Do you offer the facility to pay by PayPal?

We do not currently offer the facility to pay by PayPal. If you would like to know about alternative ways to pay rather than online, please contact your school to find out what they allow.

Can I access the website on multiple devices?

Yes! You can use your computer/laptop, your mobile phone or a tablet. As long as you have access to the internet, you will be able to log in and pay.

What happens if I pay for the wrong thing?

If you pay for the wrong item or on the wrong child, then you will need to contact your school to find out if they can move the money to the correct place or process a refund.

What if the school doesn't have my mobile number or email address?

If the school doesn't have your mobile or email on record, you can still input those details into our login page and these details will be saved against your child's record.

What happens if I can't log on because of an 'invalid password'?

If you get the message of 'invalid password,' it may be that the details you are putting in to the login page are incorrect. Please contact your school to double check your mobile number and email address, and to request that they re-send your password to you.

Who do I contact if I need help?

If you have questions or need help with anything, you must contact your school directly. They will be able to answer your questions or pass the information over to us.
