French

Intent

At the Ribblesdale Federation of Schools, we deliver French as our Modern Foreign Language. We aim to foster an enjoyment of languages and successful language acquisition through quality teaching, a meaningful and engaging syllabus and cross-curricular links when possible.

This is achieved through:

- Introducing young children to other languages in a fun and enjoyable context;
- Helping children to be aware of and to respect cultural differences;
- Making links to language structures across foreign languages and comparing them with English;
- Promoting independent learning.

Our scheme of work for French is delivered using the Primary Languages Network. The Primary Language Network resources meet the requirements of the National Curriculum and it is taught from Reception to Year 6.

Pupils:

- become increasingly familiar with the sounds and written form of a modern foreign language;
- develop language skills and language-learning skills;
- understand and communicate in a new language;
- make comparisons between French and English;
- increase their cultural awareness by learning about different countries and their people, and working with materials from those countries and communities;
- foster positive attitudes towards foreign language learning;
- use their knowledge with growing confidence and competence to understand what they hear and read, and to express themselves in speech and in writing;
- form a sound basis for further study at key stage 3 and beyond.

Pupils with SEND

To support pupils with SEND to access a full French curriculum, we use a range of approaches which include, but are not limited to: pre-teaching vocabulary; songs to aid recall; visual aids; additional thinking time; sentence stems to structure responses; additional adult support; use of technology; multi-sensory activities and multimedia teaching, and targeted questioning.

Implementation

We use the Primary Language Network scheme for French. While we teach French from Year 2, we introduce French in EYFS and Year 1 classes so that pupils have some exposure to French before moving into Class 2. The subject Leader worked with our link teacher at Primary Language Network (PLN) to develop a curriculum that is appropriate for our mixed age classes and ensures progression as children move through the school. The curriculum is reviewed annually with our PLN link teacher. Our aim is to make language a fun and enjoyable activity whilst broadening the children's awareness of other cultures.

Curriculum overview

Class 1 and 2: 2025-2026 (Year A)

Class 3: 2026-2027 (Year A)

<u>Reception/Year 1</u>	<u>Year 2/3</u>	<u>Year 4/5/6</u>
Autumn – Listen and join in Spring - Storytime – Goldilocks Summer – Playground games	Autumn – Autumn walk and Harvest Spring – At the farm Summer – A new start	Autumn – Carnival and numbers Spring – Hungry giant Summer – Going on a picnic in France

Impact

The impact is seen through pupils written work in books and oral work through lesson observations, staff feedback and assessment. The Primary Language Network scheme has been adapted for mixed year groups to show progression throughout the years but also provides plenty of opportunities to revisit and use prior learning.

Equally as important, learning another language provides children with a different perspective on language and develops their awareness of cultural similarities and differences.

Learning a MFL gives children a new perspective on the world, encouraging them to understand their own cultures and those of others.

Through intercultural understanding, children will learn to understand the lives of the children in the countries where French is spoken and identify similarities and differences in everyday life and celebrations. We can also recognise how aspects of the culture of different countries becomes incorporated in the daily lives of others.

French

(Year A)

In Year 1 we learn:

Autumn Knowledge

To know some vocabulary for greetings, numbers and colours in French.

Autumn Skills

To be aware of some of the sounds of a new language.
